Sunrise
Kempinski Hotel
BEIJING

- DESIGN & INTERNATIONAL SUMMIT CONFERENCE -

Located alongside the picturesque Yanqi Lake, with magnificent views of the Yan Mountains and the Mutianyu Great Wall, Sunrise Kempinski Hotel Beijing is designed in the shape of the rising sun and symbolizes harmony, unity and infinity.

The architectural concept is inspired by the idea of the ‘oriental sunrise’, which emphasises the seamless integration of nature and the building. From a side-angle view, the hotel is shaped like a scallop, which represents ‘fortune’ in Chinese culture. From the front, the building resembles the ‘rising sun’ (a round shape), which is symbolic of the fast-developing economy of China. The hotel’s entrance resembles a fish’s mouth, symbolising ‘prosperity’. The annex building’s structure evokes ‘auspicious clouds’, echoing the sphere above and representing the romantic notion of ‘colourful clouds chasing the sun’ in Chinese culture.

The Sunrise Kempinski Hotel Beijing & Yanqi Island destination has hosted several prestigious events, including the 22th APEC Economic Leaders’ Meeting in 2014, the 2nd Understanding China Conference in 2015, the G20 Science, Technology and Innovation Ministers Meeting in 2016, the G20 Energy Ministerial Meeting in 2016, the 4th China-Africa Media Cooperation in 2018 and the Belt and Road Forum in 2017 and 2019.

During the 2022 Beijing Winter Olympics, the destination hosted 17 presidents and leaders of international organisations from around the world. In 2024, the destination hosted the 16th Meeting of International Business Leaders Advisory Council for the Mayor of Beijing and the 17th Senior Officials Meeting of the Forum on China-Africa Cooperation.
